PROFESSIONAL SUMMARY

AI Creative Producer with nearly one year of full-time remote experience at a Swedish startup, specializing in AI-powered commercial content and short-form video production. Experienced in managing the complete creative workflow—from content strategy, scripting, and prompt engineering to AI generation, editing, publishing, analytics, and client communication. Worked directly with the CEO and Product Owner to deliver marketing campaigns for international clients across the UK, India, France, Sweden, Lebanon, and Egypt. Successfully grew a brand's Instagram account from 300 to over 17,000 followers in two months while producing content that reached more than 7 million organic views.
